

Capabilities Statement

Overview of Our Companies

Suh'dutsing Telecom ("Suh'dutsing" or "STL") and

Interactive Digital Solutions, Inc. (IDSolutions) have

combined our capabilities and expertise in an 8a Teaming

Partnership, with STL as prime contractor.

STL established in 2008, is a Tribally Owned 8(a) company

headquartered in Cedar City, Utah. We deliver an array of

Telecommunications Data Entry/Assurance & Facilities

Maintenance, help desk, and Information Technology

solutions to customers around the world. We employ a

base of capable, experienced, Engineers, and Certified

Technicians.

IDSolutions is a video communications solution provider

offering design, sales, installation, integration and help

desk support. We are a teaming partner for STL

Corporation, a Tribal-Owned 8a firm.

In Conclusion: Working with our team, our clients can get exactly what they want and need. FAR 9.6 allows contracting officers to consider the past performance of the tribe's teaming partners. This law is intended to reduce the government risk of non-performance. Our team can tailor a solution to meet our clients' needs and requirements per their specific input. We provide experienced personnel to complete all projects professionally and on time. Our partnership creates a unique synergy that combines our many years of experience to provide the best service possible.

We can save our clients time and money and deliver a solution quickly, authorized by 13 CFR 124.517(a) and 124.506(b).
